

WERE YOU MISLED?

- FACT: Full audit showing NO misuse of public funds
- FACT: Criminal investigation showing NO charges warranted
- FACT: This was driven by City Council members John Kirkland and Kevin Plunkett who, with family members, collected 96% of the signatures.
- FACT: They have spent over \$137,000 of *your tax dollars*, public funds, on this witch hunt.

If you were told otherwise yet signed the petition, you may be able to remove your name from it on Tuesday. Come to the meeting, or learn how at my website:
